

# 1:1 TECHNOLOGY PROGRAM

REPORT TO THE SCHOOL COMMITTEE

SEPTEMBER 2015

# SHREWSBURY'S DIGITAL CONVERSION UPDATE

Shrewsbury Public Schools has committed to the  
**use of technology to enhance teaching & learning.**

In December of 2011, the School Committee voted  
**to accept a set of strategic priorities**  
that included having all students in grades 5-12 being  
**educated in 1:1 learning environments by 2016.**

# LEGACY TECHNOLOGY FEE PROGRAM TRANSITION INFORMATION

Family-owned  
device

District-owned  
device

Beginning with the 2015-16 school year, the district will move its 1:1 program to a district-owned device model, while still enabling students to use their iPads both at school and at home.

# GUIDING PRINCIPLES FOR TECHNOLOGY USE IN THE SHREWSBURY PUBLIC SCHOOLS

**ALSO KNOW** - *In the case of a concern around inappropriate behavior, while you are enrolled in school and in a school building, school staff can ask to see the contents of devices and accounts.*

# MIDDLE-LEVEL DIGITAL LEARNING

Shrewsbury's entry into 1:1 programming began in the fall of 2012 with 5th and 6th graders at Sherwood Middle School. Since this initial work, much has been learned and the opportunities and innovations within the educational sector continue to grow.
